ECOTECH-12

INDUSTRIES ASSOCIATION

Member Directory

EDITION 2026

A directory of 125 member units of the Ecotech-12 industrial estate

Built · Made · Manufactured · in Greater Noida

FROM THE PRESIDENT

Welcome

Ecotech-12 is one of Greater Noida's most diverse industrial estates — home to manufacturers, exporters, engineering houses, packaging companies, garment makers, food processors and service businesses. This directory brings all 125 member units together in one place: plot numbers, point-of-contact, and a map of the estate so visitors, vendors and members can find each other quickly.

We hope this becomes the everyday handbook for the estate — a quick reference at the gate, in the office, and on the move. Our thanks to the sponsors who made this edition possible, and to every member who shared their details.

With warm regards,

The Executive Committee

Ecotech-12 Industries Association

PLOTS 1 TO 117 · ECOTECH-12

The Members

HOW TO USE THIS DIRECTORY

Directory at a glance

Entries are ordered by plot number — the same order in which plots are laid out on the estate. Each card shows: plot number, member name, point-of-contact and phone, and a blank line where the unit's primary products will be added. Some plots are vacant or have not yet shared details — they appear with a muted ribbon and a blank contact block, ready for an update.

Sponsor pages appear at four points through the book. The map of the estate is on page iii. Use it together with this directory to navigate Ecotech-12 quickly.
